

JUNIOR 38 BC Restyle

Junior 38 BC Restyle is the ideal scrubber drier for cleaning small to medium surfaces. Its great autonomy is due to the 24 V battery and to the high efficiency of the mechanical group. Well positioned intuitive controls.

Large size tank cover in order to easily inspect and clean the recovery tank with built-in float. Thanks to its ergonomic design, the unit remains fully manoeuvrable even when the solution or recovery tank is full. Compact and fully professional scrubber drier batteries and vacuum motor are within easy reach. The brush group is centrally positioned for an easy use next to walls and obstacles. Batteries and on-board charger are included as standard. The only one machine with a thermoplastic squeegee.
